The High-Tech Business incubator is a project led by "El Consorcio de Zona Franca de Barcelona" and "Fundación LEITAT". Its goal is to promote the adoption of 3D Printing technologies through the creation of a space for the incubation of SMEs and micro- SMEs related to these technologies. The High-Tech D-Factory Incubator is co-financed at a 50% by ERDF, through the Spanish Pluri- regional Operational Program 2014-2020, and operates under Axis 3: Improving the competitiveness of SME's.
